## A few words from the organiser.

First I'd like to thank everyone for entering our Centenary event.

Secondly, I hope everyone is happy with the start order.

There were an unprecedented number of requests for early starts and a few late starts. In addition there were quite a few requests to start riders nearish to each other when they were travelling to the event together.

On top of this I had to cope with quite a few late entries coming in as late as Saturday morning.

All the slowest riders should be off within the first 45 minutes so the marshals shouldn't be hanging around for stragglers too long at the end of the day.

Six previous winners of the event are riding this year: Simon Bridge, Neil Skellern, (both of whom have won twice), Robin Brennan, Phil Pearce, Jimmy Froggatt and Nick Barker.

5 times winner, Alan Roberts, is being represented by his wife, Christine. All previous winners who have entered (and Alan) will receive a small commemorative shield recording the details of their wins. Alan has persuaded Christine to ride so he can get a free mug!

Simon's ride last year missed the event record (set by Charles McCulloch in 2005) by just 3 seconds. Considering that there was a cloudburst part way through the event and riders were having to navigate through 6 inches of water it was a remarkable ride.

Two regulars - David Steele and Rod Brooks - first rode the 'Chesh 50' in 1961! David stayed B&B at Mrs Bates in Goostrey for the event which would then have been an early Sunday morning start. Rod was only 16 and it was his first 50 (and third ever time trial) and he finished with a 2:16.

The emergency 50 course has had to be used due to major road works on Twemlow Lane with traffic light control.

I hope we're blessed with good weather on the day and that you all enjoy the event. Most important is that everyone gets round without incident.

Phil.

**Riders must exercise caution at all junctions. Any competitor whose riding line causes him to cross the white line when approaching or leaving a junction will be liable to disqualification from the event and may be reported to the District Committee for further disciplinary action.**

**A competitor who swings out to the right before executing a left turn should ensure that the road behind is clear of traffic before doing so. The practice is not encouraged by the District Committee and competitors who ride in this manner are warned that in many circumstances this manoeuvre will be regarded as a contravention of regulation 47 (i),(iii),(v).**

**Riders must not perform U turns in the vicinity of the start or finish of the event. Riders observed performing U turns will be reported to the District Committee who will consider disciplinary proceedings.**

**Riders must take great care when joining the A556 from the B5082. The A556 is a busy dual carriageway.**

**There are many direction signs out on the course which look as though they may be for an upcoming sportive. They are fluorescent yellow with black triangles. Please ignore them. CTT direction arrows will be in place where possible to avoid any confusion.**

**IN THE INTERESTS OF YOUR OWN SAFETY, Cycling Time Trials and the event promoters strongly advise you to wear a HARD SHELL HELMET that meets an internationally accepted safety standard.**

**It is recommended that a working rear light, either flashing or constant, is fitted to the machine in a position visible to following road users and is active whilst the machine is in use.**

**OBSERVERS WILL BE USED DURING THIS EVENT**
